Make a volunteer account under YOUR NAME, not your skater

Welcome to U.S. Figure Skating's Members Only login page!

You will notice some new features and content on the Members Only website beginning in 2020. With the reimagining of usfigureskating.org, Members Only has also undergone several changes resulting in a more organized and robust experience for members. In addition to the previously existing content, you will find several new menu items on the site that will lead you to important resources and member-centric content.

We welcome your feedback! Let us know what is working well for you or how we may better serve your needs through future updates by emailing us at websitefeedback@usfigureskating.org.

MAC USERS PLEASE NOTE: Although the Safari web browser can be used, due to some reported functionality issues with various Safari browser versions, we recommend using the Google Chrome web browser for all EMS actions at this time.

Skating in America: 75th Anniversary

by Benjamin T. Wright [Free Download](#)

It is not for the historian to speculate on the future. However, a reading of this History will show as the United States Figure Skating Association ends its 75th year and looks forward to its 100th Anniversary in 2021, it does so in a strong condition, not only financially but also in the strength of its member clubs and their membership.

I am green right now because I just completed my SafeSport. Yours should be red. Click on the red button beside both Background Check and SafeSport Training. Complete both.

SafeSport Compliance

Use the section below to manage your compliance status for the current membership season. On June 1st, compliance will change to display the next season.

Compliance: Mandatory
